## INDIAN WELLS GOLF RESORT

Indian Wells, California

**D**edicated to providing a world-class golf experience that is both distinctively memorable and exceptionally enjoyable, Indian Wells Golf Resort has long been a premier golf destination for everyone from amateurs and celebrities to pros and presidents. And now, nearly two decades later, this exclusive desert enclave continues to astound visitors with its spectacular setting, near-perfect climate and extraordinary golf.

A tropical golf Eden efflorescing from the steep-walled canyons of Southern California's sun-kissed Coachella Valley, Indian Wells emerged from its recent \$71 million, facility-wide improvement endeavor to once again prevail as one of the most remarkable golf destinations in the country. Professionally managed by Troon Golf, Indian Wells features two exquisite new courses – both of which are ranked among *Golfweek's* Best Courses You Can Play and *Golfweek's* Best Municipal Courses – as well as a lighted nine-hole putting course, complete practice facility, Callaway Performance Center and the 53,000-square-foot IW Club.

Each a dazzling display of breathtaking beauty and masterful design, the resort's impeccably conditioned courses set the standard for desert golf perfection. The Celebrity Course – home of the 2007 and 2008 LG Skins Game – is a Clive Clark championship layout that plays north/south into

Eisenhower Peak and the Santa Rosa Mountains, offering stunning scenery, seemingly endless panoramas and an unforgettable golf adventure for all skill levels. Playability, diversity and challenge are the hallmarks of this par-72 masterpiece, whose dramatic bunkering, striking water features, majestic mountain vistas and vibrant floral details combine to create a 7,050-yard course that is at once visually arresting and strategically intriguing.

Presenting a brilliant contrast to its sister course, the newly unveiled Player's Course at Indian Wells carries its own unique character and personality. Drawing upon both modern innovations and classic design elements, prominent golf course architect John Fought crafted this 7,376-yard track to be an enjoyable test of skill and accuracy. Dynamic green complexes, generous fairway corridors and undulating topography define each hole, resulting in a fascinating layout that will leave an indelible impression on all those who play it.

The resort's keen attention to detail translates off the course as well. Every aspect of Indian Wells' outstanding practice area has been carefully designed to replicate playing conditions on each course, and the expansive IW Club clubhouse – boasting retail shopping and numerous dining options – completes the package. 🌟
